

## Chapter 1 Activity: Discussion Questions for Introduction

1. As you review the titles of the nine chapters, which one(s) hold your interest in increasing your sustainability competency?
2. In the ten years since the first edition, what encourages you to believe that creating a sustainable and flourishing world will happen?
3. How do you plan to use ACT while reading this book?
4. How much do you know about the UN Sustainable Development Goals? What inspires you to learn more? How will you go about that?
